PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1c (DIA). The photographic analysis for this particular report was performed by the Production Center 1P1c.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

Rovno Military Supply Depot North, covering approximately 50 acres, is located in the northeast section of Rovno (Figure 1). The area is road and rail served with a single-track spur leading into the installation from a large classification yard.

The depot (Figures 2 and 3) contains two multistory barracks, one multistory administration building, nine single story administra-

tion buildings, five warehouses, 19 storage buildings, and one probable vehicle storage/maintenance building. The area contains no training facilities.

The installation appears active. No change has been noted since the area was first observed on [REDACTED]. The installation was covered

DESCRIPTION OF INSTALLATION

Railroad Service

A single-track rail spur with no apparent unloading docks serves the area.

Road Service

The area is served by all-weather roads; however, the installation itself seems to be serviced by unimproved roads.

Administrative and Troop Housing Area

Area D contains two multistory barracks, one multistory administration build-

ing, four administration buildings, and five storage buildings.

General Storage Area

Area E contains five administration buildings, five warehouses, and 14 general storage buildings.

Equipment Storage/Maintenance Area

Area J contains one probable vehicle storage/maintenance building consisting of two separate structures, 235 by 30 feet and 160 by 70 feet.
